

## 6<sup>th</sup> Paper Development Seminar Seville, 2023

April 17<sup>th</sup> - 18<sup>th</sup>, 2023. Universidad de Sevilla, Spain

Call for papers / proposals: “Entrepreneurship Process Research”

The objective of the 6<sup>th</sup> Paper Development Seminar is to help participants develop research results into papers that may be suitable for publication in top-tier academic journals. The 6<sup>th</sup> paper development seminar is co-organized with **GEM-Spain (Observatorio del Emprendimiento de España, [www.gem-spain.com](http://www.gem-spain.com))**.

Papers/proposals applying a process perspective to entrepreneurship are welcome. We are open to any contributions analysing the entrepreneurial process, may they be conceptual or empirical and, in this latter case, using quantitative (ideally longitudinal, but also cross-sectional) and/or qualitative methods.

Submissions will be peer-reviewed. Those deemed of highest potential by the organizing committee will be invited to participate. Selected participants will be offered the opportunity to submit a full paper (if they did not do so initially). Extended abstracts may also be presented at the seminar. The objective is to develop a productive and intimate work environment. For this reason, we will limit the number of proposals/papers to be accepted into the seminar to a maximum of 20.
