- **IFERA 2027 Annual Conference:**

The conference theme is *Beyond the Business*. Disruption can act as a catalyst for entrepreneurial families to rethink how continuity is built and renewed across generations. Rather than preserving stability through the family firm alone, long-term continuity increasingly depends on the ability to adapt, reconfigure capabilities, embrace emerging technologies, and coordinate the wider ecosystem of organizations surrounding the family. This perspective reframes resilience as an ongoing process of balancing tradition and transformation across time. Limassol, Cyprus, June 8-11, 2027
